

CAA - College of Arts & Arch

CAA 290R Collaborative Rsch/Creative: 1-4 Credits (1 Other)

Intended for lower division undergraduate research and creative projects undertaken in an interdisciplinary team format. The student will work closely with students and faculty colleagues seeking creative project solutions while exploring innovative methods of collaborative problem solving. Course will address responsible conduct of research. May be repeated.

Repeatable up to 8 credits.

CAA 291 Special Topics: 1-4 Credits (1-4 Other)

PREREQUISITE: None required but some may be determined necessary by each offering department. Courses not required in any curriculum for which there is a particular one-time need, or given on a trial basis to determine acceptability and demand before requesting a regular course number. Undeclared

Repeatable up to 12 credits.

CAA 310 The Art of Mental Healing: Collaboration in Scholarship and Creativity: 3 Credits (3 Lec, 3 Other)

PREREQUISITE: Sophomore standing and WRIT 101W. Working collaboratively, students in this course will foster developing solutions for mental healing and for educating the community through scholarship and creativity

CAA 481 CAA Ambassador Seminar: 1 Credits (1 Other)

PREREQUISITES: Students must be accepted (through the specific gate) within a degree program in the College of Arts & Architecture, meaning they must be an accepted sophomore, junior, or senior to take this class.

Further they must apply to take the class

The CAA Ambassador Seminar provides students from the four schools within the College of Arts and Architecture opportunities to experience and demonstrate leadership, peer mentoring and advocacy. Participants will gain experience as mentors and advocates within their school and the college, as well as working knowledge about all of the areas of study within the college and the values of those areas.

Repeatable up to 6 credits.

CAA 490R Collaborative Rsch/Creative: 1-4 Credits (1 Other)

Intended for upper division undergraduate research and creative projects undertaken in an interdisciplinary team format. The student will work closely with students and faculty colleagues seeking creative project solutions while exploring innovative methods of collaborative problem solving. Course will address responsible conduct of research. May be repeated.

Repeatable up to 8 credits.

CAA 491 Special Topics-Farm to Market: An Interdisciplinary Design Lab: 1-6 Credits (1-6 Lab)

PREREQUISITE: Sophomore standing. This cross-disciplinary design course incorporates theory and application from marketing, psychology, graphic design, nutrition and food science. The goal is to expose students to the elements of ideation, design thinking and user experience — working through all the stages of conceptual development. Student teams are paired with “Specialty Crops” farmers in Montana to develop new income sources from their existing assets (crops, land, equipment). Students will create, name, brand, package and develop marketing strategies for products that support local farms and the state’s overall economic development

Repeatable up to 12 credits.

CAA 591 Special Topics: 1-6 Credits (1-6 Other)

PREREQUISITE: None required but some may be determined necessary by each offering department. Courses not required in any curriculum for which there is a particular one-time need, or given on a trial basis to determine acceptability and demand before requesting a regular course number

Repeatable up to 12 credits.
