EQUS - Equine Sciences

EQUS 206 Equine Ethology: Understanding Horse Behavior: 3 Credits (3 Lec)
PREREQUISITE: ANSC 100. Equine Ethology is a course designed to teach students the science of horse behavior from an evolutionary, biologic, physiologic and genetic perspective. This course provides students with a foundation for more sensitive and informed care, management and handling.

EQUS 233 Horse Science and Mgt Lab: 2 Credits (2 Lab)
PREREQUISITE: ANSC 100. Laboratory designed to familiarize students with approved management practices for horse enterprises.

EQUS 238 Horse Sales Preparation and Marketing Horse Sales Preparation and Marketing: 2 Credits (1 Lec, 1 Other)
PREREQUISITES: ANSC 100, WRIT 101W and COMX 111US or AGED 140US.
Course will explore the basics of sales and marketing components necessary to successfully execute a horse auction and competition. Emphasis will be placed on the development of sale catalog, promotional material through print and web media, event setup, and management of sale and student competition.

EQUS 290R Undergraduate Research: 1-6 Credits (1-6 Other)
PREREQUISITE: Consent of instructor and approval of department head. Directed undergraduate research which may culminate in a written report or other creative project. Course will address responsible conduct of research. Repeatable up to 99 credits.

EQUS 291 Special Topics: 1-4 Credits (1-4 Lec)
PREREQUISITE: None required but some may be determined necessary by each offering department. Courses not required in any curriculum for which there is a particular one-time need, or given on a trial basis to determine acceptability and demand before requesting a regular course number. Repeatable up to 12 credits.

EQUS 292 Independent Study: 1-3 Credits (1-3 Other)
PREREQUISITE: Consent of instructor and approval of department head. Directed research and study on an individual basis. Repeatable up to 6 credits.

EQUS 327 Equine Lameness: 3 Credits (3 Lec)
PREREQUISITE: ANSC 100, ANSC 265/266, and EQUS 347. This course is structured to familiarize students with the many types of lameness in the horse. Students will be instructed on the correlation between anatomy, conformation, locomotion and lameness. Selected diseases of the bones, joints, and soft tissue will be discussed. Significant time will also be spent on lameness diagnosis, treatment, prognosis, as well as shoeing principles for sound and lame horses.

EQUS 346 Equine Reproductive Management: 4 Credits (3 Lec, 1 Lab)
PREREQUISITE: ANSC 100, ANSC 265/266, ANSC 321, and ANSC 322. This course is designed to familiarize students with the reproduction in horses. Students will be instructed on the appropriate methods for management of the stallion, mare and foal. The curriculum will also include equipment and facilities use, as well as management of a breeding facility.

EQUS 347 Equine Form to Function: 3 Credits (2 Lec, 1 Lab)
PREREQUISITE: ANSC 265, ANSC 266, and Junior standing. Development of methods for analyzing a horse’s conformation along with a good understanding of anatomy and its relationship to performance.
