Catalog and Curriculum

Catalog in Effect

MSU-Bozeman undergraduates may elect to follow the catalog in effect when they first enroll at MSU, or any subsequent catalog, if there has not been a break of more than one academic year in their attendance and if they fall within the six-year catalog limitation policy. Undergraduate students transferring from any institutionally recognized accredited body in United States college or university may follow the MSU catalog which was in effect when they first entered the institution from which they transferred, or any subsequent catalog in effect prior to graduation, provided there has been no break in attendance. The six-year catalog limitation policy applies to transfer students, also.

MSU undergraduates who change majors may follow the catalog in effect when they began their freshman year at MSU or any subsequent catalog in effect prior to their graduation, provided there has been no break in attendance of more than one academic year. In these instances, too, the six-year catalog limitation policy applies. In either case (transferring or changing majors), it may be necessary to make course substitutions within the department curricular requirements, due to changes in tabulations from year to year; students should consult with their academic advisors about this. The curriculum advisor and department certifying officer make the official check on degree-specific requirements for graduation. The Registrar provides the final check on university requirements: CORE, total credits earned, grade point, cumulative grade point average earned at MSU, as well as university-wide requirements.

Six-Year Catalog Limitation Policy

Each MSU-Bozeman catalog covers a specific time period beginning fall semester of the first year and ending the following summer session. From the time a student enters Montana State University, he or she has six years to fulfill the curricular requirements stated in the catalog in effect when he or she entered. If a student does not complete the requirements in six years, he or she must select a subsequent catalog. This policy applies to all students, including undergraduates who change curriculum and transfer students.

Change of Major/Curriculum

A Curriculum & Catalog Changes form may be obtained from the Registrar’s Office, the college dean’s office, or online. A change of curriculum becomes official when the form is filed with the Registrar’s Office. Some programs require specific licensure. To inquire further, please visit our website (https://www.montana.edu/stateauthorization/) that lists the majors impacted.

Second Major

A student may declare a second major by completing a Curriculum & Catalog Changes form. A student may earn a second major by fulfilling the curricular requirements of that major in addition to the requirements of the primary major. The student is not required to complete additional core requirements for the second major since these requirements will be fulfilled with the primary major.

The department of the second major will assign an advisor to assist the student in meeting all the second major’s requirements. The second major will be posted on the student’s transcript at the time of graduation and upon verification by the Registrar that all curricular and procedural requirements have been met.

Second Bachelor’s Degree: Second Associate’s Degree.

To receive two baccalaureate degrees a student must complete all of the requirements for each degree including but not limited to Core/Gen Ed, all major requirements, Capstone Coursework, and 23 of the last 30 credits in residence. In addition to meeting all of the courses required in both curricula the student must complete 30 credits beyond the larger number of credits required for either of the two degrees he or she is seeking. Fifty-one credits (forty-two for the first degree: nine for the second) of the total minimum number of credits required for both degrees must be upper division.

To receive two associate degrees a student must complete all of the curricular requirements for each degree including any in-residence restrictions (generally at least 15 credits). Additionally, a student must complete 15 unique credits; these are credits that are not counted toward the completion of the first degree. Generally, a student who has met the requirements for both associate degrees who has at least 75 credits the last 15 of which are completed at Montana State University could be considered for a second associate degree.

Minors

A student must declare his or her intentions of seeking a minor(s), by submitting a completed Curriculum & Catalog Changes form prior to submitting a graduation application. Minor’s must be linked to a baccalaureate degree. A student must be seeking or have already received an MSU baccalaureate degree to declare a minor(s). The minimum number of credits required for a minor is twenty-one, with nine of those being upper-division credits. A student may not receive a minor in the same discipline as their major(s). There are two categories of minors:

Teaching Minors

Teaching minors must be approved by the certifying officer in the Education Department.

Non-Teaching Minors

Non-teaching minors must be approved by the certifying officer in the related department.

Registration

Dates for Registration

The dates for registration are published in the Registration Handbook, which is printed prior to registration and is available online, via MyInfo, or from the Registrar’s Office. See the Registration Handbook for detailed registration instructions and for fee payment dates.

A currently enrolled student in good standing will receive registration information, including alternate PIN, from his or her advisor. Before
meeting with an advisor, all students should review their degree progress using DegreeWorks (through MyInfo), plan a schedule of classes by consulting the MyInfo Schedule of Classes, and make an appointment to meet with an advisor. Additionally, all outstanding fees and holds must be resolved before registration, and students must pay all new fees at the scheduled time.

**Academic Advisors**

Academic advisors are available to help students plan their programs of study and make informed choices about courses. Although students are fully responsible for their academic decisions, they should recognize the advantages of close cooperation and understanding between themselves and their advisors.

There are three categories of advisors. Students may have multiple advisors in each category but only one primary advisor.

- **Major Advisor**: Indicates the advisor associated with the student’s major.
- **Secondary Major Advisor**: Indicates the advisor associated with the student’s second major or second degree (as well as third majors or third degrees).
- **Minor Advisor**: Indicates the advisor associated with the student’s minor or minors.

Additionally, one advisor will be marked as “Primary.” Students will only have one advisor from one of the above mentioned categories indicated as “primary.” Generally the primary advisor is the student’s Major Advisor and should be a first contact when the student is looking for a registration PIN.

Because academic advisors are usually associated with a students’ major department or field, students should contact their major department or field offices or the offices of their college deans to determine the names and locations of their advisors. Some programs—University Studies, Native American Studies, University Honors, pre-health professions, WWAMI—offer additional advising assistance. Students can access DegreeWorks via MyInfo to view their advisor, degree plan, and degree requirements.

**Classification of Students**

- **Freshman**: an undergraduate student who has earned less than thirty credits.
- **Sophomore**: an undergraduate student who has earned thirty to fifty-nine credits.
- **Junior**: an undergraduate student who has earned sixty to eighty-nine credits.
- **Senior**: an undergraduate student who has earned ninety or more credits.
- **Post-Baccalaureate**: an undergraduate student who has already earned one or more baccalaureate degrees and is seeking another.
- **Non-Degree Undergraduate**: a student taking courses for special interest, but not planning on using the credit toward a degree.
- **Non-Degree Graduate**: a student taking courses for special interest, but not planning on using the credit toward a degree.
- **Senior**: an undergraduate student who has earned ninety or more credits.
- **Graduate**: a student who has at least a baccalaureate degree and has been accepted into The Graduate School.

**Drop/Add Regulations and Procedures**

**Add Procedure**

Students may add classes online using MyInfo through the 5th day of the semester. After the 5th semester day, all adds require the instructor’s and the advisor’s signatures on an Add/Drop form. After the 10th semester day, all adds require the additional signature of the Assistant Dean of the student’s major curriculum on an Add/Drop form.

**Drop Procedure**

Students may drop classes online using MyInfo through the 10th day of the semester. From the 10th semester day through the 59th semester day, all drops require the student to meet with an advisor who may initiate the drop process through the MyInfo advisor’s portal. Any course dropped after the 15th class day will appear on the student transcript with a “W” (withdrawn) grade.

**Drop for Extraordinary Reasons**

From the 60th day of the semester through the 70th class day (generally Friday before finals), students may only drop for extraordinary reasons. To complete this process the student is required to document the extraordinary reasons - such as a family or personal medical injury or other personal hardship that prevent the student from executing the withdrawal at the normal time – then submit that documentation along with an advisor and instructor approved (signed) Add/Drop form to the Dean of the College of their primary degree. Upon signature of the Dean, the form, together with appropriate documentation, must be submitted to the Office of the Registrar for review and approval by GARC and recording by the Registrar.

During the pandemic, Montana State University considers the following reasons, specific to COVID-19, that might influence a student’s post-deadline decision to drop a course:

- The student was diagnosed with COVID-19 and, due to the diagnosis, was severely ill and unable to engage academically.
- An immediate family member was diagnosed with COVID-19 and suffered an untimely death or whose illness placed an undue burden upon the student (ex: a primary caretaker for siblings).
- The student had to be a primary caregiver of someone diagnosed with COVID-19.
- The student had an economic hardship resulting from COVID-19 directly impacting the ability to meet academic requirements.
- The student had to become a first responder due to COVID-19.
- The student had increased hours of employment to address financial hardship related to COVID19.
- The student lost a babysitter/childcare due to COVID-19.
- The student was unable to complete online education/distance education due to COVID-19.
- The student had no WIFI access during COVID-19 due to facility closures.
- The student was unable to complete online education/distance education due to COVID-19.
- The student was unable to complete online education/distance education due to COVID-19.
- The student had to be a primary caregiver of someone diagnosed with COVID-19.
- The student was diagnosed with COVID-19 and, due to the diagnosis, was severely ill and unable to engage academically.
- The student lost a babysitter/childcare due to COVID-19.
- The student was unable to complete online education/distance education due to COVID-19.
- The student had no WIFI access during COVID-19 due to facility closures.
- Other – must be specific and not general “stress due to COVID-19.”

**Drop/Add (courses with alternative start/stop dates)**

Courses within a specialized part of term follow the drop/add calendar specific to that part of term. Students registered in courses with multiple parts of term or in courses that fall outside a specified part of term will follow the drop/add calendar for the “full semester.” However, students are not allowed to drop any course after the final scheduled day (including exams) for any course.

Add/Drop forms are available online or through the Office of the Registrar. If the student has confirmed attendance or paid fees and wishes to drop all courses, a University Withdrawal must be obtained through the Office of Student Success. Graduate students seeking a complete withdrawal must contact The Graduate School. Each student is responsible for fees upon registration. Contact the Student Accounts Office for partial-refund dates.
Taking Courses for Zero Credit

Auditing Course

Registered students may, with the permission of the instructor, audit a course and earn zero credit. A student must submit a signed Add/Drop form, by the 10th semester day, indicating the course is for audit. Auditors pay the same fees as students enrolled for credit.

Absence from Classes

When students enroll in a course, they enter a contractual agreement with the instructor for the duration of the course, and both the student and the instructor are expected to honor the specified terms of that agreement. It is important, therefore, for the student to understand the attendance requirements in each course. The instructor should communicate these requirements during the first or second class meeting in writing via the course syllabus.

Absences from classes are handled exclusively within the purview of the individual instructor. If a student has an accident, falls ill, or suffers some other emergency over which he or she has no control, the student should gather available documentation (e.g., copies of repair or tow bills, prescriptions, accident reports, or statements from physicians) to show to instructor. In some instances, the student may wish to petition the instructor for I grades.

The provisions for making up missed class work may vary from one instructor to another. Most but not necessarily all instructors provide for some opportunity to make up missed work; for example, if a student is absent from campus to participate in a university-sponsored event. Students involved in such activities should advise their instructors of these events in advance and determine what arrangements are available to make up missed class work.

Class Rolls

During the third day of University instruction and thereafter, those students who have registered but have not attended class may be required by the instructor to drop the course when space and/or equipment is limited and other students have requested to add that class. Students are not automatically dropped; this action requires a student-initiated drop/add form.

University Withdrawal

If a student must withdraw from all classes after he or she has confirmed attendance or paid fees, he or she must initiate the withdrawal through the Office of the Registrar. Graduate students must initiate the withdrawal through the Graduate School.

Students who withdraw before the end of the fifteenth day of instruction will not receive grades for any registered courses. Thereafter through the last day of instruction a grade of W shall be assigned in all courses for which the student is registered unless an appeal is approved by the Dean of Students authorizes otherwise. The Dean of Students Office also indicates the official date of the university withdrawal in these instances.

Students who leave the campus without withdrawing through regular channels or who withdraw late without extraordinary reasons will receive F grades in all course work for that semester.

Please note-withdrawing from an individual semester does not mean a student is completely withdrawn from future semesters if they are already registered (for example: if a student withdraws from Summer and is already registered for Fall classes; the Summer classes will be dropped but a student will remain enrolled in their Fall classes as long as they have registered for Fall prior to submitting a Summer withdrawal).

Retroactive University Withdrawal Policy

Medical Leave of Absence

Montana State University is committed to the health, safety, and well-being of individual students and the campus community. Occasionally, students may experience situations that significantly limit their ability to function successfully or safely in their role as students. In such circumstances, students may be eligible for a leave of absence or a retroactive withdrawal. A leave of absence permits students to temporarily withdraw from the University and their studies so they may address the issues that led to the need for leave. Similarly, a retroactive withdrawal may be available for students who were unable to request a timely leave of absence, but who were forced to leave the University due to a health or safety emergency, or who experienced a mental or physical illness, injury, or other extraordinary circumstance.

Students who wish to explore leave of absence or withdrawal options should confer with the Office of the Dean of Students and their academic advisor. Students should discuss their situations and tentative plans with the following offices, where applicable: Office of Disability Services, Office of the Registrar, the Office of Financial Aid Services, Student Accounts, the Graduate School, and the Office of International Programs. The University also offers reasonable accommodations to qualifying students through the Office of Disability Services that may complement or affect the need for a leave of absence.

The University offers different options for a leave of absence including voluntary medical leave, involuntary leave, and a retroactive University withdrawal.

Requiring a student to take an involuntary leave of absence is rare and only occurs when current medical knowledge or the best available objective evidence indicates that:

1. There is a significant risk to the student’s health or safety or the health or safety of others, or
2. The student’s behavior severely disrupts the University environment, and no reasonable accommodations are available that can adequately reduce that risk or disruption.

Students will be given the option to take a voluntary medical leave of absence before a decision is made with respect to an involuntary leave of absence.

Nothing in this policy shall be construed as a limitation on the Office of Institutional Equity to implement remedies or interim measures in accordance with the Discrimination, Harassment, Sexual Misconduct, Dating Violence, Domestic Violence, Stalking and Retaliation Policy (https://www.montana.edu/policy/discrimination/) and Grievance Procedures (https://www.montana.edu/policy/discrimination/procedures/).

Retroactive University Withdrawal

A retroactive University withdrawal may be an option for students who were unable to complete a standard withdrawal through the Office of the Registrar or the Graduate School (if applicable), or who were unable to submit a timely leave of absence request in accordance with the above policy during the semester of their departure from the University. A retroactive University withdrawal is an extraordinary remedy that is available only for the reasons set forth below. Students who leave the campus without completing a leave of absence request or who fail to withdraw may apply for a retroactive university withdrawal only if they can provide evidence of the following:

1. There is a significant risk to the student’s health or safety or the health or safety of others, or
2. The student’s behavior severely disrupts the University environment, and no reasonable accommodations are available that can adequately reduce that risk or disruption.

Students who were unable to complete a standard withdrawal through the Office of the Registrar or the Graduate School, and did not file a timely leave of absence request before leaving the University, may be eligible for a retroactive University withdrawal. A retroactive University withdrawal is an extraordinary remedy that is available only for students who were unable to complete a standard withdrawal through the Office of the Registrar or the Graduate School before leaving the University.
1. The student experienced a mental or physical illness, injury, or other extraordinary circumstance that significantly limited their capacity to withdraw or request a leave of absence in a timely manner; or
2. The student was forced to leave the University abruptly due to a health or safety emergency within their immediate family, including an individual whose close association with the student is the equivalent of a family relationship, or some other type of extenuating circumstance.

For undergraduate students: To apply for a retroactive university withdrawal, students must submit a written request to the Dean of Students, Strand Union Building (SUB) Room 174, no later than three years after the last day of the semester for which the withdrawal is sought. The student must include his/her name and student identification number (GID), the semester for the retroactive withdrawal requested, and supporting documentation to verify claims of illness, injury or emergency which precluded the student from applying for a university withdrawal during the semester of departure.

The Dean of Students will review the written request and the documents provided and consult with appropriate administrator(s), faculty, Department Head and/or college Assistant Dean, then render a decision on the request for withdrawal. If the request is granted, the Dean of Students will assign the official date of withdrawal and notify the student in writing. If the request is denied, the student may further appeal in writing to the Vice President of Student Success (VPSS). The VPSS will review the request and supporting documents and render a decision. The VPSS will notify the student of the decision in writing. The VPSS’s decision is the final decision of the University.

For graduate students: Students enrolled in graduate degree programs and those enrolled as non-degree graduates are subject to the same parameters and must follow the same process as described above except that the written request is submitted to the Dean of The Graduate School, Montana Hall Room 108. If the request is denied, the student may further appeal to the University Provost. The Provost’s decision is the final decision of the University.

Undergraduate Student Petitions for Registration and Reservation of Certain Courses
Generally, courses are applied to the student record associated with the academic level (undergraduate or graduate) of the student at the time the course was taken. Students may petition to reserve certain courses in a certain situation to be applied to an academic level other than their current status. For example: register for and reserve undergraduate or graduate credits for possible application to a graduate degree, register for a graduate course for use toward an undergraduate degree, register while a graduate student for use toward an undergraduate degree, register for a graduate class as a foreign exchange student with no intent to use the credit toward an MSU degree.

To reserve a course a student must complete the Petition to Reserve/Register for Credits form available through the graduate school. A successful petition must meet all of the following criteria:

1. The student is of senior or post baccalaureate standing.
2. The student has a cumulative grade-point average of at least 3.25.
3. All prerequisites for the course(s) have been completed.
4. Credits reserved for a graduate degree may not exceed nine (9) in total.
5. For reserved credits to be applied to the graduate transcript the student must earn a minimum grade of a B.
6. The petition may not include any internship or independent study courses for either registration or reservation.
7. The petition is filed prior to registering for the course.

A graduate-level course approved by petition may be used either for fulfilling undergraduate or graduate program requirements, but not for both. The student must indicate on the petition form the intended use of the registered/reserved course credits.

Undergraduate senior students with financial aid should be aware that credits reserved for future application to a graduate program may affect their current financial aid eligibility.

Examinations
Common Hour Exams
Common hour exams are occasionally given during the semester for multi-section courses. Dates and times are posted online at www.montana.edu/registrar/Schedules (http://www.montana.edu/registrar/Schedules.php). These exams take the place of one class meeting and are included in the student’s commitment to the course upon enrolling in it.

Final Exams
Final examinations in one-credit courses are given during regular class periods. Final examinations for all other courses are scheduled by the Registrar and published online, and may not be rescheduled or given prior to the start of the final examination period. According to University policy, the examination period is instructional time, and it is expected that some instructional use is made of this period if a final examination is not given. When a final examination is given it must be given at the time shown in the examination schedule. Exception: no formal laboratory classes are held during final examination days.

A student who has three or more final examinations on any one day should first contact the instructors of the courses to see if one exam can be rescheduled. If this rescheduling cannot be resolved, then the student should contact the assistant dean of his or her college at least one week before the beginning of final examination week to assist in resolving the conflict.

Credits and Grades
Definitions
- Course. A course is a unit of instruction in a subject-matter area offered in a single university semester. Resident courses (courses for which resident credit is granted) are those listed in the Schedule of Classes. Continuing education courses are arranged through Extended University. General guidelines follow:
  - Lecture- LEC: Presentation of course material by the instructor, utilizing the lecture method. Final Exam Assigned.
  - Laboratory-LAB: Instructing and supervising students in laboratory investigations.
  - Studio-STU: Instructing and supervising students in studio investigations. Final Exam Assigned.
  - Recitation-RCT: Presentation of course materials designed to involve students in recitation and/or discussion.
  - Seminar- SEM: Students share, with the instructor, responsibility for preparation and presentation of course material. Final Exam Assigned.
  - Independent Study-IND: Directed study and/or research on an individual basis, under the supervision of an instructor.
  - Lecture/Lab Combo- LECLAB: Combines the elements of Lecture (LEC) and Laboratory (LAB) in one meeting time. Final Exam Assigned.
- Credit. A credit is the unit used in recording an amount of work and engaged effort represented in learning outcomes and verified by evidence of student achievement. Each credit hour represents a
minimum of three class-oriented work hours (50 minutes of classroom instruction and an additional two hours of out-of-class engaged effort and work per student) each week during a 15-week (minimum) semester. One credit of achievement should approximate 45 hours of combined instruction and student work/engaged effort. At least an equivalent amount of work and engaged effort is required regardless of pedagogical format (lab, web-enhanced, on-line, condensed coursework, internships, studio, independent study, etc). Please see the standard meeting patterns here: https://www.montana.edu/registrar/coursescheduling_meetingpatterns.html

- **Credit Load.** Undergraduate students who are enrolled for twelve or more credits and graduate students for nine or more credits, will be certified and reported as full-time students. Completion of a 120-credit undergraduate curriculum in four years requires students to complete an average of fifteen credits each semester.

- **Curriculum.** A curriculum is a combination of courses that constitutes a program of study leading to the completion of an academic program.

- **Semester.** Montana State University operates on a semester system consisting of two semesters and a summer session. The Term Calendar gives the dates of each semester.

- **Grades.** The quality of the student's work in each course is denoted by a letter grade according to the following tabulation. In computing scholastic averages, each letter grade is assigned a specific number of grade points for each credit. Final grades are due within forty-eight hours after the final examination in each course and are generally posted to the student record by the end of the week following finals. No grade or credit will be given to students in courses for which they are not properly registered.

### Minimum Competency Requirements

The Montana Board of Regents has established a common policy on minimum course grades across all campuses in the system. According to the policy, a grade of C- or better is required to satisfy requirements for pre-requisite and required courses in majors, minors, and certificate programs and for all core requirements. Further, a grade of C- or better is required in all courses that will be counted toward the 42 upper-division credits required in all degrees. Courses with a passing grade of D-, D, or D+ may only be counted toward the overall 120 credit requirement. This policy creates a minimum requirement, which may be superseded by more stringent requirements within specific majors. Any such requirements are explained within the descriptions of those curricula.

### Passing Grades

### Grade-Point Average

The general quality of a student's work is expressed in terms of a grade point average (GPA). Only credits taken at MSU Bozeman are used to compute the cumulative grade point average. GPA is used to determine academic standing including: University warning, suspend warning, or suspended. The grade-point average is computed by dividing the sum of grade points earned by the sum of credits carried, except that neither the credits nor the grade points shall be counted for courses passed on a pass/fail basis.

### Repeated Coursework GPA

For repeated courses, only the most recent credits and grades received will be used in the calculation of the cumulative grade-point average, and only the most recent credits received will be included in the credits counted for graduation. However, all grades received will be listed on the transcript. Repeated courses will be noted on the transcript with an “E” (when the course grade is excluded from GPA calculation). The most recent attempt(s) at the course will be noted with an “I” and included in GPA calculation.

Courses with both honors and standard course-numbers will be treated as the same course in terms of GPA calculations and repeat processing, for example: CHMY 151 can be replaced with CHMY 141 (and vice versa). Excluding a grade from a previous semester does NOT affect the calculation of academic standing for that semester. Academic standing remains as it was originally earned.

### W Grade Eligibility

After the 15th day of the semester, students may drop courses and receive a grade of W (withdrawal) only if approved by the academic advisor and course instructor. Approval is not guaranteed, and no refund is given. Until one week past the last day of the official registration period on the registration timetable for the following semester, students use a Drop/Add form to drop courses with a W. The W grade is non-punitive; it counts in credits attempted but not in earned credits or in quality points toward the GPA. If a student repeats the course in a subsequent semester, the new grade will count in the GPA but the original W grade will remain on the transcript.

### I Grade (Incomplete)

Instructors may assign a grade of "I" (Incomplete) when students have been unable to complete their academic obligations because of circumstances beyond their control. The University takes the position that when students register, they commit themselves to completing their academic obligations as their primary responsibility. Therefore, the instructor may assign an I grade only in cases when students have suffered extreme personal hardship or unusual academic situations.

An instructor may assign an I grade in cases of personal hardship when students have been unable to fulfill their commitments because of illness, death or illness in the immediate family, family emergencies, or military orders. The Dean of Students will verify personal hardship cases at the instructor's request. The instructor may assign an I grade to a student for personal hardship, provided the student has completed three-fourths of the work of the course with a passing grade. If the student has not satisfactorily
completed three-fourths of the course work the instructor must provide written justification for assigning an I grade.

An instructor may also assign an I grade, subject to the department head’s approval, in cases when a student has been unable to complete course requirements for reasons such as apparatus or equipment failure, death or disease in experimental animals, delays in material shipments from suppliers, or in other unusual academic circumstances which are clearly beyond the student’s control. In these situations, the student must have completed three-fourths of the work of the course with a passing grade. If the student has not satisfactorily completed three-fourths of the course work the instructor must provide written justification for assigning an I grade.

In each instance qualifying for an I grade, the instructor must prepare an I-Grade Authorization form. On this form, the instructor will list the makeup requirements and the date beyond which the I will revert to a F grade.

To change the I grade after the make-up work has been completed, the instructor will complete and submit the Grade Change available through the Registrar’s Office. Unless an alternate time is specified by the instructor, an I grade shall be made up no later than the end of the following semester (excluding summer session). An instructor may extend the specified completion time by submitting the required documentation to the Registrar’s Office before the reversion grade takes effect. An I grade may not be extended beyond one calendar year. An I grade not made up in the prescribed length of time or within one calendar year lapses to a failure (F).

Make-Up of I Grades
An I Grade make-up is reported to the Registrar on a Grade Change Form. No fee is charged. These grades are not included on the next semester grades and the student should not register for the same class in a future term to make up the I grade.

During the time allowed for the completion of the unfinished work leading to the I grade, the student may have access to university resources (e.g., library) necessary to complete the work.

N Grade
An N grade may be assigned to students enrolled in specified continual or on-going courses only (for example BFIN 317, 590 and 690 thesis courses, CEEX/continuing education courses or self-paced pre-college math courses). This grade indicates that, though students have made progress, they have not completed the course objectives successfully. These students must re-enroll in the course immediately in order to continue with the course work and complete the course objectives. The N grade does not affect the GPA.

Pass/Fail Registration
Undergraduate students may take some of their University elective courses on a pass/fail basis subject to the following restrictions:

1. Students can elect the pass/fail option only for courses that are not specifically required for their academic program. Pass/fail courses may not be applied toward completion of Core requirements. This restriction does not apply to (ACT) activity courses.
2. A student may not register for more than one pass/fail elective course per semester, excluding one-credit (ACT) activity courses.
3. Undergraduate students may take a maximum of twelve credits of pass/fail elective courses. This maximum does not include courses that are offered only on a pass/fail basis.
4. Students register for pass/fail courses in the same manner as for other courses, but they must have written permission from their advisers, college deans, and the instructors of the course. The Registrar has forms for this purpose.
5. The instructor’s requirement to obtain a grade of P in the course must be submitted with the Request for Pass/Fail form.
6. Students may only change a pass/fail registration to a regular registration, or a regular registration to a pass/fail registration, prior to the end of the tenth day of instruction. Students will follow the regular drop/add procedures, except that students changing to a pass/fail registration must also secure the written permission of the instructor and adviser (see 4 above).
7. Prerequisites apply for all courses taken on a pass/fail basis.

Pass/Fail Grading
As a general policy, courses at Montana State University are graded by the letter grades, A, A-, B+, B, etc. However, in certain courses, pass/fail grading may be more appropriate. Courses may be offered on a pass/fail basis for all students registered in the course, with the approval of the department head and college dean. Courses offered on a pass/fail basis will be identified in the Schedule of Classes. Permission to offer a course on a pass/fail basis is limited to one academic year; if the permission is not renewed, the course reverts to a letter-grade basis.

In pass/fail grading, passing work will receive a P grade on the student’s transcript, but it will not count in the grade point average. However, the course credit will count toward the number of credits required for graduation. Failing work will receive an F grade and will count in the grade-point average.

Grade Changes
Once a grade has been reported by the instructor to the Registrar, it cannot be changed except in case of clerical error or unless it was fraudulently obtained. All grades and credits will stand as recorded in the Registrar’s official record if changes are not reported in writing to the Registrar within five years of the last day of the semester in which the course was taken.

A change of final grade does not mean allowing additional time to complete the work of a course or allowing the student to submit work or to take or to retake examinations after the conclusion of the semester. A change of grade is not a substitute for an I grade when an I grade cannot be justified.

A change of grade may be made only with the approval of the department head. If the grade being changed was given more than one academic year previously, the college dean must also approve the change.

Fresh Start Policy
A former Montana State University undergraduate who returns to the University after a minimum absence of five years will have the opportunity to petition to begin a new cumulative (or Fresh Start) GPA as follows:

1. After returning to Montana State University, a student must complete thirty credits of academic study with a minimum cumulative GPA of 2.5 for the new course work before petitioning for a Fresh Start GPA.
2. A student who is eligible for a Fresh Start GPA must petition for a new cumulative GPA during the semester following that in which he or she meets the requirements stated in #1.
3. A student may begin a Fresh Start GPA only once.
4. Student petitions will be considered on a case-by-case basis by the Admission and Graduation Requirements Board. The decisions of the Board will be final.
5. When the new GPA is started, all previous grades and credits earned at Montana State University are excluded; it is not possible to select some grades and credits to exclude while retaining others. Only Montana State University grades and credits will be excluded.
6. The new GPA begins the first semester the student is re-enrolled. The transcript will state that a new GPA has been started. The old grades
Academic Standing at the Graduate level is separate from undergraduate academic standing. Please visit https://www.montana.edu/provost/students/appeals.html for graduate-level academic standing.

Guidelines Used by the University Scholastic Appeals Board
Grade Point Average (SGPA = Semester GPA, CGPA = Cumulative GPA)

<table>
<thead>
<tr>
<th>Good Standing</th>
<th>A student has a cumulative GPA of at least 2.0 or better or is a new student (transfer students may be admitted on an academic status below Good Standing).</th>
</tr>
</thead>
<tbody>
<tr>
<td>Academic Warning</td>
<td>A student's cumulative GPA drops below 2.0 or a student’s cumulative GPA remains below 2.0 with a semester GPA above 2.0.</td>
</tr>
<tr>
<td>Academic Suspension</td>
<td>A student was placed on Academic Warning or Suspend Reinstatement in the prior semester and their next semester GPA was below 2.0.</td>
</tr>
</tbody>
</table>

Credits for Degree Completion

A candidate for the bachelor's degree must complete the minimum number of credits required for the degree selected. The minimum number of credits

must be composed of credits earned for graduation. The required number of
credits varies among the four-year curricula leading to the bachelor's degree.

Credits Earned for Graduation
Credits earned for graduation include the total number of credits for
which passing grades (A through C-, and P) have been received in courses
numbered 100 or above. If students repeat courses in which they have
passing grades, the most recent grade will be the effective grade for
graduation. A course taken by an undergraduate or a non-degree student
may not later be repeated and applied toward requirements for a graduate
degree. For further credit-use restrictions, see Special Topics and Individual
Problems, or refer to the Course Descriptions for maximum allowable credit
limits placed on certain courses.

Upper-Division Credit Requirement
A minimum of forty-two credits for the first degree and at least nine
additional credits for the second degree must be earned in courses
numbered 300 and above (upper-division courses). As required by the
Minimum Competency Requirements, a grade of C- or better is required
in all courses to be counted toward the upper division credits required in all
degrees.

Note: The curricula for specific majors may have more stringent
requirements.

Special Topics and Individual Problems Courses
No more than twelve credits of Special Topics 291 or 491 combined in
each rubric will count toward graduation. No more than 12 credits of
seminar 194, 294, 394 or 494 combined in each rubric may count toward
graduation. No more than six credits of 492 Independent Study in each
rubric will count toward graduation. Some departments have established
lower limits than these, and students are responsible for checking course
listings to ensure that they do not exceed the allowable number of credits in
each category

Transfer Student Credit Requirements at MSU-Bozeman
To graduate with a baccalaureate degree from Montana State University,
transfer students must earn not less than thirty MSU credits and a
minimum 2.0 cumulative GPA, as well as meet the curriculum requirements
for a degree. Furthermore, twenty-three of the last thirty credits earned
to meet graduation requirements must be MSU credits. For an associate
degree, transfer students must earn at least 15 credits at MSU with a
minimum 2.0 cumulative GPA.

Correspondence Credits and Extension Courses
No more than thirty semester credits earned by correspondence, extension,
or continuing education from accredited colleges or universities may
be counted toward graduation. However, special circumstances may warrant
consideration, and approval of such courses is on a case-by-case basis.

Advanced Standing
Under certain circumstances, if students can demonstrate mastery of course
work not taken at the University, they may receive advanced standing and
University credit for the course. Two mechanisms are available for obtaining
advanced standing:

1. College Level Examination Program (CLEP). Montana State
   University awards credit toward graduation for successful performance
   in certain Subject Examinations of the College Level Examination
   Program conducted by the College Entrance Examination Board.
   Students may arrange to take these examinations on campus or
   at designated centers throughout the country. Passing grades are
determined by Montana State University. These students receive
   credit and a P grade on the transcript for scores above the passing
   level; scores below the passing level are not entered on the transcript.

   CLEP examinations may not be used to replace a grade of a course
   previously taken. University Core requirements cannot be satisfied
   by the CLEP procedures. In general, a department will not give a
   challenge examination if a CLEP examination is available for the same
course.

2. Advanced Standing by Challenge. Challenge provides the opportunity
to earn college credits and grade points without formal course
   enrollment. A student who has completed the work of a college course
   on his or her own initiatives and time, may, with the approval of the
   student's academic advisor, the instructor, the department heads, and
   the college deans, take a comprehensive examination in the subject
   matter of the course. Performance in the examination will become the
   basis for a grade in the course, and the results will be recorded on the
   student's permanent academic record at the end of the term which the
   challenge exam is taken. Official permission forms should be secured
   in advance from the Registrar's Office. Students must be registered at
   MSU when they take the challenge examination, and they must have
   passed ten credits of regular course work at Montana State University
   before the challenge grade will be recorded on their permanent records.

   The challenge examination for credit in a course which
   is a prerequisite to a second course must be taken before
   enrollment in the second course. Students who have enrolled
   in a regular or an extension course and received a grade (other
   than that of W) or have taken a regular or an extension course
   for zero credit may not challenge that course. Challenges are
   not permitted in any 290, 291, 292, 490, 491, 492 and 498
courses.

   A fee of $30 per credit is assessed and must be paid prior to
   taking the challenged exam.

   The following list gives the names of the CLEP examinations and the course
   for which credit is given:

* University Core requirements cannot be satisfied by the CLEP procedures.

Deficiencies, I, and NR Grades
All "I" grade completions, transfer work, advanced standing, missing grades and challenge examinations must be completed or resolved and transcripts filed in the Registrar's Office at least one month prior to the end of the third week of the semester he or she expects to earn a degree. Arrangements for this registration must be made by the student with the Registrar. Graduate students must have the written permission of the Graduate Dean to register in absentia.

Enrollment must coincide with the university's offering of a specific credential. A student must enroll and complete at least one course for credit during the time a credential is offered in order to receive that credential. Retroactive awarding for a newly approved and offered credential is not permitted.

Except for certain pre-professional curricula (e.g., pre-medicine) and university sponsored exchange programs (with certifying officer pre-approval), twenty three of the last thirty credits earned to meet the graduation requirement must be MSU Bozeman credits. Specific majors may have program-specific requirements for courses that must be taken from MSU Bozeman to meet graduation requirements. Such requirements are clearly identified in the curriculum description for that department.

Graduation Procedures
Notification of Degree Eligibility
Students are expected to submit an Application for Baccalaureate Degree form by October 1st for spring semester graduation and March 1st for summer or fall semester graduation. A $40 application fee is assessed at the time the Application for Degree form is filed. Returning former students must file the application during the first week of university instruction of the semester of completion. Application for Degree forms can be advanced up to two semesters if requested before the withdrawal date of the original degree candidacy. Subsequent changes, graduation denials or withdrawn applications require a new Application for Degree resulting in an additional $40 fee.

Satisfaction of Financial Obligation
All candidates for degrees must fully satisfy their financial obligations to the University (or make arrangements with Montana State University for doing so) as a condition for completing their degree programs. Candidates failing to comply with this requirement shall not be eligible for graduation, diplomas, degrees, or any transcripts of their records.

Graduation Grade Point Average
In order to graduate, students must earn a cumulative grade point average of 2.00. Further restrictions and graduation requirements may be imposed by the various curricula. To receive a graduate degree from MSU-Bozeman, students must earn a 3.00 grade point average.

Graduation with Honors
Graduation with honors or highest honors applies only to undergraduate degrees.

To receive honors, a student must earn a cumulative grade-point average between 3.25 and 3.69. To receive highest honors, a student must earn a minimum cumulative grade point average of 3.70. Cumulative grade point averages are computed at the end of the semester of graduation.

All MSU credits attempted and grades received will be used in computing graduation with honors or highest honors.

Transfer students receiving their first baccalaureate degree must meet the cumulative grade-point average requirements stated above and complete a minimum of thirty credits at MSU. The credits earned at MSU must compute to minimum grade point averages of 3.25 or 3.70 for graduating with honors or highest honors respectively.

For second degree or subsequent baccalaureate candidates, the grade point average of the first or subsequent degrees will be included in the determination of honors or highest honors.

Diplomas
Diplomas are dated the last day of the semester in which the requirements for the degree are completed. Diplomas are mailed to graduates the semester following degree completion after final degree verification is complete.

Appeals of Graduation Requirements
The Admission and Graduation Requirements Committee (GARC) is composed of the Assistant Vice Provost for Undergraduate Education (chairperson), the assistant dean of the college concerned, and the Registrar. This board considers appeals and/or petitions from undergraduate and non-degree students seeking waivers of established requirements in special situations.

Instructions for submitting appeals and petitions are available through the Registrar's Office. These submissions should be forwarded by letter to the Registrar and should originate with the student in conjunction with the student's advisor.

Commencement
Ceremony
Commencement is a ceremony designed to celebrate the graduation of students in a particular semester. The commencement ceremony generally happens before final grades are posted and walking in commencement does not guarantee the conferral or final awarding of the degree. Students should plan to RSVP for commencement and watch the commencement website for details on their commencement celebration.
Students must walk in the semester they are applying to graduate. Students graduating in summer participate in the commencement affiliated with their student level. Undergraduate summer degree candidates participate in the preceding spring commencement. Graduate summer degree candidates participate in the following fall semester commencement. Students may appeal to participate in an alternative commencement ceremony if a university sponsored event, policy or practice prevents them from participating in the ceremony associated with their term of graduation. For petition and details the student should contact the office of the registrar.

**Regalia**

Academic Regalia is required for all students and faculty participating in the Commencement ceremonies. To purchase regalia, stop in at the MSU Bookstore or order through MSU Bookstore online. In addition to the traditional cap and gown regalia worn at this event, we invite our degree candidates to wear stoles and cords at commencement to symbolize these associations in accordance with accepted university standards regarding appropriate content. We invite our degree candidates to decorate the top of their mortarboard (graduation cap), but ask that they respect the dignity of this occasion and be considerate of accepted university standards. In accordance with Montana State Law 2-1-315, American Indian degree candidates are permitted to wear tribal regalia instead of traditional academic regalia at Montana State University's commencement ceremonies. Keep in mind that all students participating in commencement must adhere to accepted university standards regarding appropriate content, as outlined below. For more information about Montana State Law 2-1-315 please visit the Montana Code Annotated 2017 web page (https://leg.mt.gov/bills/mca/title_0020/chapter_0010/part_0030/section_0150/0020-0010-0030-0150.html).

*University staff reserve the right to confiscate any and all inappropriate materials. Examples of inappropriate content include intimidating or profane language and/or visual materials that insinuate drugs, alcohol, or discrimination or harassment of a protected class. Students unwilling to comply with these guidelines may not participate in the Commencement ceremony.*

**Student Records**

Access to student records is restricted according to the Family Educational Rights & Privacy Act (FERPA). For more information see https://www.montana.edu/policy/family_ed_privacy_act/. Questions regarding privacy of student records should be directed to the Registrar.

**Name Change**

Notice of legal change of name, resulting from marriage, divorce, or other reason, must be promptly filed with the Registrar. Name change forms are available from the Registrar's Office and must be submitted with copies of a legal court document, driver’s license and Social Security card with new name before academic records can reflect any name change.

**Transcript of Record**

Transcripts are sent only at the signed request of the student. Transcripts may be requested online at www.montana.edu/registrar (http://www.montana.edu/registrar/) or may be requested in person at the Registrar’s Office, 101 Montana Hall, and for each transcript issued, a fee is charged. Transcript requests are generally processed within four to six business days, though at the end of the semester, additional time is needed.

If the student requesting a transcript has an outstanding debt with the University, the request will not be processed until the bill has been paid.
