Licensed Teacher Added Recommendation

Program Objectives
This program is intended for those already licensed teachers to add an endorsement area to an existing Montana Class 1 or 2 teaching license. The process to add an endorsement begins with contacting the Field Placement Post-Baccalaureate Specialist, Jamie O’Callaghan (jamie.o'callaghan@montana.edu) to inquire about available options. The Field Placement and Licensure Office will help you to determine your eligibility for one of the added endorsement options including the BPE Internship (http://www.montana.edu/fieldplacement/bpe/) option. Please note that MSU does not offer full, comprehensive online courses leading to an added endorsement with the exception of the Library Media Certificate (http://www.montana.edu/education/grad/librarymedia/) and Family and Consumer Sciences (https://www.montana.edu/hhd/graduate/famconsci/) program. Individuals seeking an added endorsement will complete the LEAT process (http://www.montana.edu/fieldplacement/leat.html) in conjunction with working directly with the Field Placement and Licensure office.

To apply for the Licensed Teacher Additional Recommendation program you will need to qualify for this status by meeting the following designations. You must have:

- Completed a bachelor’s degree; and
- Completed a teacher education program and already have a Montana Class 1 or 2 teaching license. Individuals in this program must be seeking to add an endorsement to an existing teaching license.

Please contact the Office of Field Placement and Licensure prior to completing an application.
