

School Superintendent Certificate Program

Program Objectives

The Educational Leadership Program at Montana State University offers the Montana School Superintendent Certificate Program to prepare candidates to complete all state requirements for licensure as a School Superintendent in Montana. The Montana School Superintendent Certificate Program is a 15-credit certificate with coursework designed to be completed through an intensive summer program with a semester long internship following the coursework.

Program Flow

Students must first apply to the Montana School Superintendent Certificate Program via the MSU Graduate School. This is a leadership cohort program which begins summer semester (typically around May 10), in an online format, but transitions to a face-to-face component on campus for two (2) weeks with the entire cohort, usually during the last two weeks of June. Applicants to this cohort program must be prepared to participate in this fashion - Skype or other web-based platforms will not be an option. Once accepted to the program, students must enroll and begin summer semester classes by mid-May.
