The Master of Arts in Teaching (MAT) degree is a professional graduate program designed for applicants with a bachelor’s degree in a field outside education. To complete pedagogical coursework and field experiences required for initial educator licensure recommendation to teach in Montana’s public elementary or secondary schools, each distinct licensure track in either elementary or secondary education is a professional master’s degree program that is completed over four- to six-semester periods, depending on the field experience pathway chosen.

The Master of Arts in Teaching program offers two field experience pathways: one for those individuals seeking a traditional student teaching experience, and another pathway for those hired to teach in Montana’s public elementary or secondary schools. Each distinct track is provisionally licensed with an emphasis on teaching in that it has an intentional focus on place-conscious approaches to teaching. The MAT at MSU-Bozeman is distinguished from other similar programs depending on the field experience pathway chosen.

Master of Arts in Teaching - Elementary Track

**Pedagogical Courses**
- EDCI 552 Human Development and the Psychology of Learning 3
- EDCI 563 Language and Literacy Teaching and Assessment 3
- EDCI 555 Inclusive Strategies for Classroom Organization 3
- EDCI 543 Introduction to Curriculum Design and Assessment 1

  - Current/previous employer
  - Personal (particularly if the recommender can speak to applicant’s previous experience working with youth) or academic

International Applicants will need to follow the Montana State University Graduate School policies for admission, including required English language proficiency exams TOEFL/IELTS (http://www.montana.edu/gradschool/policy/admissions_intl.html).

**Elementary Education Track**

Students admitted to the Master of Arts in Teaching Elementary Education track will pursue coursework leading to recommendation for licensure in Elementary Education K-8. Elementary teachers are licensed to teach in a self-contained classroom in Kindergarten through 8th Grade.

Students admitted to this track will be required to complete or show transcript evidence of six credits of prerequisite coursework (below) in the Spring semester prior beginning their MAT degree program. Prerequisite courses are offered in the Spring semester. All admission offers to the Elementary Education track are provisional pending successful completion of the following two courses:

M 419 Ratio and Proportion in School Mathematics
EDCI 561 Language Acquisition: Decoding and Encoding

Secondary Education Track (http://www.montana.edu/education/grad/mat/matsecondary.html)

Students admitted to the Master of Arts in Teaching Secondary Education track will pursue coursework leading to recommendation for licensure in one of the areas of endorsement offered (English, Mathematics, General Science Broadfield, Social Studies Broadfield) for grades 5-12. This track allows teachers to teach in the subject area grades 5-12.
