

Certificate in Science Teaching in Chemistry

The Graduate Certificate in Teaching Chemistry covers the broad field of chemistry. These courses are high-energy, high-interest courses; increasing a students content knowledge and confidence when teaching chemistry in the classroom. The subject matter can be used as an introduction to chemistry or to strengthen one's current knowledge.

Note: Students cannot use more than four credits of 400-level courses on a Certificate Program of Study.

Complete 12 credits selected from the below list, or other approved credits from the MS in Science Education (MSSE) Program Course Catalog (<https://www.montana.edu/msse/course-catalog/>):
