Department of Political Science

Master of Public Administration

Welcome!

Thank you for your interest in the Master of Public Administration Program at Montana State University. Our program has a long and rich history, and our graduates have gone on to distinguished careers at all levels of government and in a wide range of public, non-profit and private organizations. We are proud to have built a program that focuses on smaller, live and in-person classes where students have the opportunity for rich interaction with our faculty and each other. We have created a strong community of learning and a culture of collaboration among the students and faculty, with explicit attention to the development of skills necessary for immediate professional success, and the normative awareness for career and professional development well into the future. We’re excited about the opportunities here at MSU’s MPA program, and we hope you will be too.

Please don’t hesitate to contact me with any inquiries about the program or, fill out our inquiry form (https://msubozeman.radiusbycampusngmt.com/ssc/iform/x77a42d6703Nxs6700kaC771.ssc)

Sincerely,
Dr. Eric K. Austin
MPA Coordinator

Mission Statement
The Master of Public Administration (MPA) program at MSU provides students with professionally relevant, and theoretically grounded training, enabling them to become effective and ethically reflective practitioners, guided by values of integrity and service, as they pursue careers in the diverse settings of democratic governance.

Program Description
The MPA degree is a professional degree designed to prepare both pre- and mid-career professionals and administrators for supervisory, analytical support and policy-making positions in public sector agencies, and non-profit organizations, at local, state and federal levels. The program stresses sound preparation in a wide range of administrative competencies. MPA coursework includes studies in public administration theory, human resource management, public budgeting, leadership, ethics, organization dynamics, and research methods for public administrators. Available courses support specialization in local government, non-profit management, administration of Native American affairs, education leadership, planning and other subspecialties. For early career students, practical experience is gained through a supervised internship with an agency of the student’s choosing. Note: this is a WRGP approved program. To learn more, see the WRGP/WICHI (https://www.wiche.edu/wrgp/) page.

Upon graduation, MPA students are expected to have built their capacities in the following areas:

- To lead and manage in public governance;
- To participate in and contribute to the policy process;
- To analyze, synthesize, think critically, solve problems and make decisions;
- To articulate and apply a public service perspective;
- To communicate and interact productively with a diverse and changing workforce and citizenry.

Admissions Requirements

Note: Until further notice, GRE scores are no longer required for admission to the MPA program. If applicants have scores, they are encouraged to submit them, but because the exam is not currently being administered because of the COVID-19 outbreak, we are not currently requiring applicants to submit GRE scores to be considered for admission.

Your application for the MSU MPA Program must be submitted through MSU’s Graduate School (http://www.montana.edu/gradschool/admissions/apply.html) and must include:

- An Application for Graduate Admission (with application fee; http://www.montana.edu/gradschool/forms.html)
- Official transcripts from all undergraduate and post-baccalaureate studies (MSU alumni do not need to submit transcripts)
- Three letters of reference from individuals who can attest to the applicant’s ability to be successful as a graduate student
- A personal statement that describes personal and professional objectives, research interests, applicable experience or any other information relevant to the admissions review
- Graduate Record Exams (GRE; use code 4488; information about the GRE can be found at MSU's testing Service http://www.montana.edu/ehhd/testing/index.html (http://www.montana.edu/ehhd/testing/))
- For international students, you will need a TOEFL or IELTS. Please see Graduate School for other documents needed for admission, such as a Financial Certificate: http://www.montana.edu/gradschool/policy/admissions_intl.html

Admission standards for full admission to MSU’s MPA Program are:

- Completion of a baccalaureate degree from an accredited college or university
- A sum of at least 844 from the following formula: (GRE X 4) + (Undergraduate GPA X 80)
- For International students who are not native English speakers, an English proficiency test such as the TOEFL or IELTS is required. For the TOEFL a score of 80; for the IELTS a score of 7.

Application Deadlines
Applications for the MPA program are accepted and reviewed on a rolling basis. Applicants wanting to begin classes in the Fall semester should submit all materials by July 15th, and by November 15th for those who want to begin classes in the Spring semester.

Prospective students interested in starting during the Summer should contact the MPA Graduate Coordinator for additional information.

Admissions Outcomes
Full graduate status: is granted to students who have demonstrated a high quality of performance in prior academic preparation and have otherwise met university and departmental standards on the criteria listed above.

Provisional Admission: may be granted to a student whose application shows reasonable potential for effective graduate work even though the applicant’s record may be deficient in some area. A decision to recommend provisional admission to The Graduate School for an applicant may be based on prior work experience, success in another academic field, completion of supplemental course work, or other criteria pertinent to
academic success. A provisionally admitted student will be informed of any special requirements that must be met in order to be granted full graduate status. Upon meeting the specified requirements, recommendations of the Political Science Department, and with approval of the Dean of Graduate Education, a student on provisional status may be advanced to full graduate standing. Full graduate standing is usually considered only after completion of nine or more credits of satisfactory graduate work.

Non-degree Status: Students who desire to take courses of interest but who do not wish to pursue a graduate degree, or those who have not yet been accepted into the program by the Graduate School, may enroll with non-degree graduate status. Graduate credits earned while in non-degree status will not automatically be applied toward graduate degree requirements if the student later applies for and is admitted into the MPA program. Montana State University will allow no more than nine credits of non-degree course work. Furthermore, these credits may only be applied toward the degree if the student would have met all the criteria for admission into full graduate status at the time of entering as a non-degree student.

Out of State Students
Prospective students who are not Montana residents should be aware that MSU’s MPA program is a Western Regional Graduate Program (WRGP) through the Western Interstate Commission for Higher Education (WICHE). This program allows students from select western states to pay 150% of resident tuition instead of full out of state tuition.

To find out more about the program and to see if your state qualifies, please visit the WICHE website (https://www.wiche.edu/) for more information.

Degree Requirements
The degree requirements given below are effective for students admitted to the program in the Fall Semester of 2016 or after. The curriculum is structured so that full time students (those taking 9 credits per semester) should be able to graduate in two academic years. Students taking 6 credits per semester can graduate in three years.

The MPA degree requires completion of 36 credits.

Core Required Courses (15 credits):

<tr>
<td>PSCI 558</td>
<td>Organization Dynamics</td>
<td>3</td>
</tr>
<tr>
<td>Total</td>
<td></td>
<td>15</td>
</tr>
</tbody>
</table>

Electives (18 credits)

Students will select six elective courses that support both their intellectual interests as well as their professional and career objectives. We encourage students to explore the Political Science course catalog as well as course offerings from other departments to identify potential electives. Elective courses will be selected in cooperation with either the MPA Director or the student’s Professional Paper Chairperson. Pre-career students (those entering the program with fewer than two years of progressively responsible professional work experience) will be required to complete a 3 credit, 300 work-hour internship as one of the six elective courses. Elective courses may be taken in our Political Science Department, and may include up to three 400 level courses with the consent of the student’s advisor or committee chair.

<td>Public Policy Analysis</td>
<td>3</td>
</tr>
<tr>
<td>PSCI 423</td>
<td>Politics of Development</td>
<td>3</td>
</tr>
</tbody>
</table>

Professional Paper (3 credits)

The Professional Paper course (PSCI 575 Directed Professional Research Project) is taken during the student’s last semester of course work. The purpose of the Professional Paper is to allow MPA students an opportunity to effectively integrate underlying theories, concepts, themes, and patterns found throughout the program’s course work into a final original research project. A formal presentation of the Professional Paper will be given to Public Administration and Political Science faculty, student peers, and other interested parties. All MPA students in the program are expected to attend these presentations. Completion of the Professional Papers must occur in the Fall or Spring semester, not during the summer.

Comprehensive Exams

Comprehensive Exams are administered the semester before the student graduates, (e.g., If graduating in the spring, comprehensive exams are taken in the fall. Comprehensive exams are not administered in the summer). The purpose of the comprehensive exam is to verify the student’s mastery of the general concepts derived from the course of study, the integration of those concepts across course topics and the ability to apply the material to real-world administrative problems.

Transfer of Credits

Acceptance/transfer of up to nine credit hours of academic course work performed at other institutions is possible by The Graduate School upon recommendation by the Political Science Department. All such credits must have been earned while in graduate status at an accredited college or university.

Financial Assistance

Applicants interested in Graduate Assistantships, or departmentally awarded financial aid must apply by April 15th. A supplemental application for Departmental aid can be obtained from http://www.montana.edu/politicalscience/graduate/.
