Residence Halls

Montana State University offers convenient and affordable on-campus housing for students. The Residence Life Department is committed to providing an environment which is socially stimulating while enhancing the academic experience of the students who live on campus. Students with fewer than 30 earned credit hours (while in a residence hall setting) are required to live in the residence halls. Prospective students are urged to submit an application at the earliest possible date since assignments are made in the order they are received. A limited number of single rooms are available.

   d. **Engineering LLC**: The Engineering Living Learning Community is designed to give residents an edge in their demanding and competitive engineering majors. Because learning is enhanced when topics are examined from diverse perspectives and because individuals possess unique outlooks which reflect the world around us, Montana State University is dedicated to creating an inclusive community that embraces a rich mix in the composition of its student body, staff, and faculty. We have listed some details below about the living option:
   a. Mixed Gender Housing (MGH) for the 2018-19 academic year is a new pilot program at Montana State University that allows students to live in a suite, regardless of their sex or gender. This means that you may be in a suite with another student who identifies as a man, a woman, gender-nonconforming, or any other gender identity.
   b. Students will have the opportunity to participate in a number of hall and campus programs including Safe Zone Training, American Indian Heritage Day, Black History Month, India Night, Coming Out Day, International Food Bazaar as well as a number of other campus programs that are hosted throughout the year.
   c. The community will have more optional programs and resources provided throughout the year around various topics of diversity including race, gender, age, language, socioeconomic status, religion, political affiliation, geographical background, gender identity, sexual orientation, national origin, and ability status.
   d. Students that live in this community will be required to provide feedback to the Residence Life department and the University
about their overall satisfaction and suggestions for improvement to the living option in the future.

e. Students will reside in one of our suite style residence halls and the room & board rate will be listed and determined similar to all other room & board rates.

f. Please feel free to contact James Tobin, Assistant Director of Residence Life at (406) 994-2661 or at jtobin@montana.edu to understand all of the living options available to you or to discuss any questions that you may have. Our goal is to provide a welcoming community for all students and the earlier we can discuss and address any of your concerns, the more flexibility we will have in assisting you with exploring different housing options.

6. Sophomore & Above and/or 21+: (Johnstone)

7. Sophomore and Above Deluxe Floors: Roskie Hall is the home of two newly remodeled sophomore and above floors. These floors consist of single rooms with the same square footage as a double room in Roskie. This quiet, yet active, living option provides an opportunity for those students who want a change of pace from the traditional freshmen energy.

8. Sophomore and Above Halls: The Headwaters Complex, Johnstone Center and Residence Life Apartments are designed to meet the needs of all second year students by creating programs that deal directly with the issues they are currently facing.

Please visit the Residence Life website, www.montana.edu/reslife, contact the Residence Life Office at 406-994-2661, or email housing@montana.edu for the specific halls and floors which provide the living options outlined above.

Exemptions from On Campus Living
All incoming freshmen with fewer than 30 credits earned in a university residential setting are required to live on campus for their first two academic semesters. However, there are some criteria that, if met, may qualify a student for an exemption from living on campus. Qualifications for exemption are as follows:

1. Marriage.
2. Physical custody of a dependent child.
3. Have completed one full academic year at another college/university while living in a residence hall.
4. Will be taking 5 or fewer credit hours.
5. Recent substantial financial change beyond the control of the student.
6. A medical or disability condition that precludes a student from living in the residence halls.
7. Will be living at home with an immediate family member (mother, father, brother, sister, grandmother, grandfather) or legal guardian.
8. Current active military or veteran’s status.
9. Have other extenuating circumstances.

To initiate the exemption process, you must submit the required written documentation. This must be received by the Residence Life Office prior to the academic period requested. If a student is taking less than 6 credits or is no longer enrolled in the University, they are not eligible to live in the residence halls. Please contact the Residence Life Office at 406-994-2661 for more information.

The specific opening/closing dates for the residence halls will be sent to students with their room assignments. If this information is needed earlier, please contact the Residence Life Office at 406-994-2661, housing@montana.edu, or www.montana.edu/reslife.

Although the residence halls officially close during Winter break students are able to stay on campus. Students living in some halls may be required to temporarily move during the break period. There is an additional charge for students who stay on campus during Winter break housing; these costs are not assessed to students who do not utilize the services. Only authorized individuals are allowed in the residence halls during breaks, therefore guests are not permitted as this is a service that we can provide to hall residents only.

Hall residents will be able to stay in their assigned rooms during Thanksgiving and Spring breaks with no additional cost.
