**Programs**

The Allen Yarnell Center for Student Success believes in students and their potential. Students who visit the office learn to take an active role in owning and directing their education and future. The Allen Yarnell Center for Student Success offers several programs and services aimed at helping students succeed at MSU. These programs and services include:

**First Year Initiative (FYI)** - Through the FYI program, the Office of Student Success strives to make contact with all first year students through orientation information sessions, one-on-one advising meetings with student success advisors, workshops, a free or S2 tutoring program (SmartyCats Tutoring), and several grand scale campus events such as Adventures MSU and the ChampChange auctions. For more information visit www.montana.edu/success/fyi.php.

**Second Year Initiative (2YI)** - Some students may have experienced a few bumps in the road during their first year at MSU. 2YI is here to help second year students navigate past any new or continuing rough spots. 2YI shows students how to “dial-in” to the numerous campus resources available to support their academic careers. For more information visit www.montana.edu/success/2yi.php.

**Beginning College Survey of Student Engagement (BCSSE)** - Every entering freshman takes this survey, administered by the Office of Student Success, at their orientation session. We strongly suggest that students set up an appointment with a student success advisor to interpret the results of this survey. The survey results teach students how they can maximize their academic performance. Student success advisors help students learn what it takes to be a successful MSU student.

**Student Success Advisors & Learning Strategist** - Student success advisors are expert learning strategists who meet one-on-one with students to teach them tools they can use to improve their academic performance. Topics covered in meetings include:

- organization
- time management
- how to improve grades
- prioritization and meeting deadlines
- other techniques to help keep students on the path to graduation

Students who meet with our student success advisors are more aware of how they learn and how they can better themselves to ensure a successful academic career. Our student success advisors are committed to assisting students and helping them get connected to the campus resources they need to utilize to be successful MSU students.

When faculty members are concerned about an individual student’s classroom performance, attendance, or course progress, they can submit the student’s name to our office through the Early Alert System. The Office of Student Success personally connects referred students with student success advisors who provide them with tools to improve their performance and help them formulate a success plan for the remainder of the semester. Advisors can also answer questions about how academic performance may affect financial aid, living arrangements, and academic standing and point students towards the right resources to address those concerns and achieve greater success at MSU.

The DAO sponsors, produces and promotes events that encourage and foster diversity awareness around issues of gender, class, religion, sexual orientation, and ethnicity. Awareness of diversity is examined through lectures, movies, discussion groups and social events. The DAO provides a safe supportive environment in which students can begin to understand the diversity they experience on campus as well as the larger global community.

Part of the vision of the DAO is to also foster and support the growth of understanding and tolerance of difference throughout the university and in the surrounding community. We see the existing diversity as a valuable resource towards this goal, and seek to involve students in all steps of the process. From this, we hope to add to the leadership skills of those students interested in the processes of raising visibility and understanding of difference and multiple perspectives.

The Diversity Awareness Office manages programs such as Expanding Horizons, Sustained Dialogue, and Safe Zone. The DAO collaborates with student groups, departments, and community organizations to
deliver lectures, activities and events that address issues of diversity on campus, within the state, and in the world at large. For more information, please visit www.montana.edu/diversity or visit us in Strand Union Building room 368.
