Early Enrollment for Pre-College Students

Recent High School Graduates

Summer Session 2019 offers a fast-paced, immersive learning environment through the Bobcat 4x4 program (http://catalog.montana.edu/summer-bulletin/bobcat-4x4).

The Bobcat 4x4 condenses 16 weeks of classes into 16 days, is scheduled to conform with the university academic year, and is intended to allow a student to complete a summer class while enjoying beautiful Bozeman. Because summer courses are rigorous, intensive, and have been designed for continuing college students to catch up or get ahead in progress toward their degree, new freshman students are not encouraged to take summer session classes. Beginning classes in the fall semester, after completing a Freshman Orientation program will help prepare students for a successful transition into life at MSU.

New students who are considering starting in the Bobcat 4x4 Summer Session should call the Office of Admissions for more information on academic advising and registration for summer session classes at (406) 994-2452.

Walk-in advising for assistance with university related tasks such as dropping/adding classes, tutoring referrals, change of curriculum forms, or other quick questions is available during our open hours. Special advising appointments to discuss matters such as choosing a major or minor, mapping out academic plans, or dealing with suspension or probation can be made by telephoning, e-mailing, or stopping by the office.

University Studies advising services are available to all students on campus. We also welcome inquiries from faculty and staff.

Early Admission for Current High School Students

Summer Session 2019 offers a fast-paced, immersive learning environment through the Bobcat 4x4 program (http://catalog.montana.edu/summer-bulletin/bobcat-4x4).

The Bobcat 4x4 condenses 16 weeks of classes into 16 days, is scheduled to conform with the university academic year, and is intended to allow a student to complete a summer class while enjoying beautiful Bozeman. Because summer courses are rigorous, intensive, and have been designed for continuing college students to catch up or get ahead in progress toward their degree, current high school students taking college-level courses are not encouraged to take summer session classes.

Current high school students interested in the Bobcat 4x4 Summer Session should call the Office of Admissions for more information at (406) 994-2452.
