BIOH 201. Human Anatomy and Physiology I. 5 Credits. (3 Lec, 2 Lab) F,S,Su
PREREQUISITE: CHMY 121IN, CHMY 141, or CHMY 151, with a grade of "C-" or better; priority given to majors requiring this course. General principles of cell and tissue biology that apply to all living systems. Structure and function of skeletal, muscular, nervous, and endocrine systems. Homeostasis, control, and integration of the human body will be emphasized. Laboratory will cover related systems. This course is not repeatable without prior consent of instructor.

PREREQUISITE: Acceptance in professional training program. Provides an introduction to theories and principles with emphasis on all body systems, and the role of instrumentation in the clinical chemistry laboratory.

Term CRN Section Session/ Dates Days Location Time
10656 001 Non-standard term dates 15- MAY-17 30- JUN-17 MTWR REID101 1:10pm - 2:30pm 2017 Summer Session
10657 002 Non-standard term dates 15- MAY-17 30- JUN-17 MTWR JONH240 8:00am - 9:50am 2017 Summer Session
10755 003 Non-standard term dates 15- MAY-17 30- JUN-17 MTWR JONH240 10:00am - 11:50am 2017 Summer Session

BIOH 464. Clinical Hematology and Body Fluids. 2 Credits. (1 Lec, 1 Lab) Su
PREREQUISITE: Acceptance in professional training program. Topics include a review of normal hematopoiesis; red blood cell, white blood cell, and platelet disorders; body fluid overview; and an introduction to hematology instrumentation.

PREREQUISITE: To take this course, students must be accepted into a professional training program. This is a clinical laboratory science course, which will be conducted at affiliate training programs during the summer of a student's senior year. It includes student lecture and laboratory instruction in clinical immunohematology, clinical chemistry, phlebotomy, clinical hemostasis, clinical microscopy and urinalysis, clinical body fluids, transfusion techniques, and clinical microbiology.

Term CRN Section Session/Dates Days Location Time
10335 002 Full Semester - - - 2017 Summer Session

BIOH 466. Clinical Immunohematology I. 3 Credits. (2 Lec, 1 Lab) Su
PREREQUISITE: Acceptance in professional training program. Topics include a review of medical microbiology, virology, mycology, parasitology, and clinical laboratory testing procedures.

PREREQUISITE: Graduate standing or seniors by petition and course prerequisites as determined for each offering. Topics offered at the graduate level which are not covered in regular courses. Students participate in preparing and presenting discussion material.

Term CRN Section Session/Dates Days Location Time
10915 001 Full Semester - - - 2017 Summer Session

BIOH 467. Clinical Chemistry I. 3 Credits. (2 Lec, 1 Lab) Su
PREREQUISITE: Acceptance in professional training program. Topics include an introduction to theories and principles with emphasis on all body systems, and the role of instrumentation in the clinical chemistry laboratory.

Term CRN Section Session/Dates Days Location Time
10609 001 Full Semester - - - 2017 Summer Session
10609 002 Full Semester MTWR LEWH204 8:00am - 12:00pm 2017 Summer Session

BIOH 468. Clinical Microbiology I. 3 Credits. (2 Lec, 1 Lab) Su
PREREQUISITE: Acceptance in professional training program. Basic techniques in blood banking. Topics to be included are: ABO/Rh typing, antibody identification, transfusion therapy and reactions, donor collection and component preparation.

Term CRN Section Session/Dates Days Location Time
10609 001 Full Semester - - - 2017 Summer Session
10609 002 Full Semester MTWR LEWH204 8:00am - 5:00pm 2017 Summer Session

BIOH 469. Essentials of Clinical Lab Practice. 1 Credit. (1 Lab) Su
PREREQUISITE: Acceptance in professional training program. Provides an orientation to the program, safety information, phlebotomy training, and an overview of management practices. Also includes instruction in hemostasis, molecular diagnostics and urinalysis.

Term CRN Section Session/Dates Days Location Time
10713 001 Full Semester - - - 2017 Summer Session
10713 001 Full Semester MTWR LEWH204 8:00am - 5:00pm 2017 Summer Session
