Uniquely Montana

A Selection of Unique Academic Credit Courses
Offered at MSU This Summer

A wide variety of special courses is available at MSU during Summer Session 2017, and we’ve highlighted a few of them here. Many of these courses are offered only during the summer and take advantage of southwestern Montana’s natural environment; others provide professional development opportunities for teachers and coaches; still others offer unique experiences in archaeology. There’s a little something for everyone—including selections in art, music, languages, theatre, geology, ecology, and gardening.

Course registration will take place through the MSU Registrar or the School of Art. The method of registration is noted with each course description. To enroll in courses through the Registrar or the School of Art, students must be admitted to MSU; Extended University courses do not carry this requirement.

Please note: This is not a complete listing of Summer Session courses. For all Registrar courses, days of offering, times and locations, refer to the Summer Session Schedule of Classes via the Web; information regarding registration can be found in the How to Register for Classes (http://catalog.montana.edu/summer-bulletin/how-register-classes) section. For a listing of Extended University offerings and information on how to register, visit the Extended University website at http://eu.montana.edu/ContinuingEd.
