Total Credits: 27

¹ ECNS 251IS Honors Economics (4 credits) may be substituted for the three-course sequence: ECNS 101IS, ECNS 202, and ECNS 204IS. If ECNS 251 is substituted, one additional upper-level AGBE/ECNS/EFIN course elective is required.

Economics and Financial Engineering students seeking a minor in Agricultural Business must complete 3 upper division directed elective courses beyond the requirements for their major, two of which must be AGBE 321 and AGBE 345, unless already satisfying major requirements. All other majors may apply one upper division directed elective course to the minor that is also used to satisfy a major requirement.

### Graduation Requirements:

A student must receive a grade of C- or better in all courses required for the minor.

"P" grades may be accepted only for courses transferred from outside the Montana State University System. The department certifying officer will evaluate written requests.
