Available Undergraduate Programs:

- B.S. in Agricultural Business
- B.S. in Agricultural Education
- B.S. in Animal Science
- B.S. in Cell Biology and Neuroscience
- B.S. in Economics
- B.S. in Environmental Horticulture
- B.S. in Environmental Sciences
- B.S. in Financial Engineering
- B.S. in Landscape Architecture
- B.S. in Microbiology
- B.S. in Natural Resources and Rangeland Ecology
- B.S. in Plant Science
- B.S in Ranching Systems
- B.S. in Sustainable Food & Bioenergy Systems
- B.S. in Technology Education
- Pre-Veterinary Medicine Curriculum
- Pre-Veterinary Medicine Certificate

Available Academic Minors:

- Agricultural Business Minor
- Animal Science Minor
- Environmental Horticulture Minor
- Entomology Minor
- Genetics Minor
- Plant Pathology Minor
- Soil Science Minor
- Technology Education Minor

Non-degree Programs:

- Pre-Veterinary Medicine Curriculum
- Pre-Veterinary Medicine Certificate

Grounded in tradition and based on leading research, the programs housed in the College of Agriculture are designed to inspire the next generation of leaders. Students are exposed to a variety of disciplines, practices, hands-on experiences, research opportunities and engaging faculty and supportive advisors throughout their educational journey. MSU’s College of Agriculture offers a unique blend of opportunities and experiences for students passionate about agriculture and making a difference in the world.

The following list outlines all programs available to undergraduate students in the College. Although not required, many students declare a major in one subject area and minor in another to diversify their experience. Many of the programs listed below are interdisciplinary in nature and as such, courses and programs are shared among other colleges and departments at MSU. Visit our website agriculture.montana.edu or contact us at agstudents@montana.edu to learn more about our programs and career opportunities.

Note that the area of biological sciences spans multiple departments, click here to learn more.
