The College of Letters and Science, offering 17 majors with 40 options and 31 minors for undergraduates, is the largest and most diverse college at MSU. Its thirteen departments, representing the four areas of the humanities, natural sciences, mathematics and social sciences, share a commitment to helping students think critically and solve problems, communicate clearly, understand various disciplines and cultures, and develop the engagement that will make them life-long learners and leaders.

College of Letters and Science faculty members are well-known for their contributions to their fields, and have an impressive record for winning competitive national grants to support research and scholarship. Letters and Science undergraduates benefit from numerous opportunities to work side-by-side with faculty on original research and scholarship, an experience that is elsewhere often available only to graduate students.
