Political Science

Bachelors of Arts in Political Science

The Bachelors (BA) Degree in Political Science will develop knowledge of American political institutions, world politics, political theory, public administration, and policy. Our students learn to analyze, interpret, and explain political phenomena through the lens, and with the methods, of a political scientist. Our integrated curriculum challenges students to develop their critical thinking, communication, and research skills, preparing our graduates for citizenship and leadership, post-graduate study and diverse employment possibilities. Political Science is an excellent background for students preparing for degrees in government, politics, civil society, the law, and the private sector.

As a Political Science major, you will construct an individualized course of study drawing on our rich curriculum, internship program, complimentary majors and minors, and study abroad opportunities. Students will take a lower division foundation block of five courses that introduces them to the sub-fields of Political Science and their modes of inquiry. After completion of the five-class foundation block, students individualize their course of study while fulfilling their upper division coursework requirements and a research design class.

Requirements for a degree in Political Science include:

1. Completion of five Political Science lower division foundation courses;
2. Completion of seven Political Science upper division courses with at least one course in each of the sub fields: American political institutions, political theory, world politics, and public administration/policy;
3. Completion of PSCI 390R-Research Methods in Political Science your Junior year;
4. Completion of MSU general graduation requirements of 120 credits, including 42 upper division credits, and the MSU core.

*All Major requirements must be completed with a grade of ‘C’ or better

Curriculum

Before a Political Science major may enroll in any upper division course, the student must:

1. Have achieved a grade of ‘C’ or better in PSCI 201 - Scope and Methods; and
2. Have taken the associated introductory sub-field prerequisite as indicated

First: Take all of the following lower division foundation courses:

Total Program Credits: 120

A minimum of 120 credits is required for graduation; 42 of these credits must be in courses numbered 300 and above. No political science course may be counted in more than one upper division sub-field requirement. Political Science majors must fulfill Social Science Inquiry (IS) and Diversity (D) University Core requirements outside of the PSCI rubric. Before a Political Science major may enroll in any upper division political science course, the student must have achieved a grade of 'C' or better in PSCI 201-Scope and Methods and have taken the associated introductory sub-field prerequisite as indicated for the major.

The Master of Public Administration (MPA) degree is a professional degree designed to prepare both pre- and mid-career professionals and administrators for supervisory, analytical support and policy-making positions in public sector agencies, and non-profit organizations, at local, state and federal levels. The program stresses sound preparation in wide range of administrative competencies. MPA coursework includes studies in public administration theory, human resource management, public budgeting, leadership, ethics, organization dynamics, and research methods for public administrators. Information on this program can be found at the MPA Graduate Program (http://catalog.montana.edu/graduate/letters-science/political-science/) page.
