**University CORE, PSYX, and General Electives** 76

Total Credits 120

A minimum of 120 credits is required for graduation; 42 of these credits must be in courses numbered 300 and above.

## Applied Psychology Option

Students interested in areas of applied psychology such as industrial/organizational psychology, human resource management, or organizational behavior, may consider the Applied Psychology Option and may choose elective courses in such disciplines as business, management, industrial and management engineering, or statistics.

## Psychological Science Option

Students interested in areas of psychological science may choose elective courses in disciplines such as sociology, political science, computer science, or statistics.

Students interested in advanced study in clinical psychology or counseling psychology may follow either the Psychological Science Option or the Applied Psychology Option and should choose elective courses in such disciplines as human development, pre-med, or statistics.

Students in either psychology option should consider developing a minor or second major in an area that enhances career interests. Information regarding these options is available through the Psychology Advising Office, Psychology Faculty Advisors, and the Psychology Department website.
