

EQUH - Equine Horsemanship

EQUH 110 Western Equitation: 2 Credits (2 Lab)

(F, Sp) Students will learn safe horsemanship techniques first on the ground and then riding. The ground skills will teach students how to begin to read and interact with a prey species while building confident connections with their horses. Once skills are acquired on the ground the students will learn how to apply them while riding. Some skills include: reading horse behavior, pressure/release, controlling different parts of the horse, and being a good leader. Students should allow 15 minutes to get to Miller Stock Pavilion. Transportation is student's responsibility and not included in course fees.

EQUH 114 Horsemanship 1: 2 Credits (2 Lab)

PREREQUISITE: EQUH 110 or consent of instructor. (F, Sp) Students will learn beginning horsemanship information and skills in both English and Western disciplines building on skills learned in EQUH 110. Some of that information will include tack fit, adjustment, care, and part identification, correct rider position in various gaits and styles of riding. Students will begin to work toward securing a balanced seat and use of independent aids while in the walk, jog/sitting trot, posting trot, and lope/canter. Students should allow 15 minutes to get to Miller Stock Pavilion. Transportation is student's responsibility and not included in course fees

EQUH 133 Horses: Ground Level: 2 Credits (2 Lab)

(F, Sp) Designed to teach safe horsemanship; ground level. Students will learn handling skills to establish leadership and mutual respect. Skills taught will help students prepare horses for the vet, farrier, and outings. Students will gain awareness of body language to gauge possible outcomes of situations.

EQUH 207 Intermed English Equitation: 2 Credits (2 Lab)

PREREQUISITE: EQUH 114 or consent of instructor. (Sp) Advanced English equitation techniques including collecting, lateral movements and beginning jumping. Students should allow 15 minutes to get to Miller Stock Pavilion. Transportation is student's responsibility and not included in course fees

EQUH 210 Intermed Western Equitation: 2 Credits (2 Lab)

PREREQUISITE: EQUH 114 or consent of instructor. (F, Sp) Students will learn more advanced skills such as collection, roll-backs, turn-arounds, and lead changes. Students must have secure seat and hands. Problem solving and training methods for green horses and older horses with holes in their training will be covered. Students should allow 15 minutes to get to Miller Stock Pavilion. Transportation is student's responsibility and not included in course fees

EQUH 253 Starting Colts: 2 Credits (4 Lab)

PREREQUISITE: Full time student, sophomore standing or higher, in good academic standing and consent of instructor. (F) Principles and techniques of breaking and training young horses

EQUH 256 Developing The Young Horse: 2 Credits (2 Lab)

PREREQUISITE: EQUH 253, full time student, sophomore standing or higher, in good academic standing and consent of instructor. (Sp) - Department of Animal & Range Sciences

EQUH 292 Independent Study: 1-3 Credits (1-3 Other)

PREREQUISITE: Consent of instructor and approval of department head. (F, Sp, Su) Directed research and study on an individual basis Repeatable up to 6 credits.

EQUH 314 Equestrian Instruction Methods: 2 Credits (1 Lec, 2 Lab)

PREREQUISITE: EQUH 110, EQUH 210, or consent of instructor. (F, Sp) The object of this course is to develop competent riding instructors who can communicate effectively and motivate students to improve horsemanship skills. Students should allow 15 minutes to get to Miller Stock Pavilion. Transportation is student's responsibility and not included in course fees

Repeatable up to 4 credits.

EQUH 492 Independent Study: 1-3 Credits (1-3 Other)
