

Management

The Management option prepares students to think critically and to act decisively in the dynamic global marketplace. Management option graduates are ready to make immediate contributions to organizations in a variety of roles such as analysts, managers, and team members. An academically and professionally experienced management faculty whose priority is excellence in teaching, provides students with contemporary business management theory and practice. Emphasis is placed on the application of theory and knowledge in solving practical problems. The curriculum focuses on the development of personal capacity in leadership, critical thinking, problem solving, and ethical decision making at all organizational levels from first line supervision through middle management to executive levels.
