

Social Studies Broadfield Option

The Social Studies Broadfield program prepares students to be licensed to teach all middle and high school social science areas in the state of Montana. See the Teacher Education Program (<http://catalog.montana.edu/undergraduate/education-health-human-development/department-education/#teachereducationrequirements>) page for entrance requirements.

The secondary level endorsement will cover grades five through twelve for all applicants graduating from approved programs. Practicum and student teaching experiences are coordinated through the Office of Field Placement & Licensure (<http://www.montana.edu/fieldplacement/>).
